Arena builders slapped with law suit

The two construction firms that built the Minden Arena will be slapped with a legal suit unless they come good for the cost to correct the damage from premature corrosion to the building's steel beams.

After meeting in private with a special ad hoc committee last Thursday morning, Anson, Hindon and Minden Townships Council voted to hire Toronto solicitor Larry Todd to initiate legal action against Norman Burling Builders of Newmarket and Ronald H. Harrison construction.

Minden's solicitor is confident of the townships' chances of winning back the cost of the damages, Berry says.

McEwen and Associates, the engineers hired to study the arena's structural integrity, discovered the corroding beams about a year ago. They believe it is caused by the use of calcium salts in the 16-year-old building's mortar.

Calcium salts, although outlawed in the building code, are sometimes used in

mortar to prevent it from freezing in the winter. The Minden arena was built in the winter of 1972.

Minden Deputy Reeve Bern Berry believes the municipality stands a good chance of winning if this goes to court. However, he is optimistic that it may be settled outside of court.

The townships' solicitor, Larry Todd told the committee that "on the surface we have a very, very good case," Berry said. It may all wind up with an out-of-court settlement by the construction firms once Todd is in contact with them.

The extent of the damage to the arena has not yet been determined. McEwen and Associates have been hired to complete their study of the arena and come up with a cost estimate to correct the situation.

(more on page 7)

Minden team will play despite health concerns

Parents of youngsters in Minden have taken the word of health unit officials and will allow their sons to play hockey at the Sunderland arena.

The parents and coaches met Friday evening to discuss their concerns regarding the outbreak of meningitis in a number of communities south of Haliburton County. Several Minden teams have declined to travel to centres such as Woodville, Manvers and Sunderland because of a fear their players may contract the disease.

Team coach Brian Shaw told the gathering that the decision to allow the players to attend the game rested with the parents, however he said the decision should be unanimous. He told the parents that as far as the coaching staff was concerned, the health of the players comes ahead of the game. He said if there was any chance of infection he would not take the team to the arena.

Shaw had spent most of Friday talking to hockey and health officials in the area where a number of cases of the disease have been reported. He said in

(more on page 6)

Heading out on the trails, this group of snowmobilers is helping the Minden Rotary Club raise funds for Ontario's crippled children. The riders were taking part in the annual Snowarama for Timmy. This year's Minden event attracted 45 riders raising some \$6000 for the charity. A club official said participation was down sharply this year, resulting in a drop in funds raised for the Easter Seal Society. Del Taylor of Beaverton once again led the riders in the amount of pledges obtained. He covered the 100 km circuit and raised \$1771.

Building starts up \$2-million

The value of new construction for 1988 in Stanhope Township increased by almost \$2-million over the 1987 figure although the number of permits issued increased by only 11.

The market value of new construction in the township for all of 1988 was \$4.68-million. This represents a significant increase over the 1987 value of \$2.79-million.

Stanhope's bylaw enforcement officer Jim Moore presented the year-end statistics to council last Wednesday. A total of 122 building permits were issued in the year—16 for residential dwellings, 22 for cottages, 52 for additions, 26 for garages and six for cabins.

Games site: facilities versus funding

The scales are teetering back and forth.

With Minden's facilities on one side of the scale and Haliburton's pocketbook on the other, residents of both communities are watching closely as the Highlands Chamber of Commerce weighs the pros and cons of the two potential locations for this summer's Highland Games.

The decision will finally be made tomorrow night when the Chamber's board puts the matter to a vote at a meeting at Hart Lodge. It is bound to be a difficult decision, though, when everything—including the ever-

lasting Minden/Haliburton rivalry—is taken into consideration.

George Forgan, representing the Ontario Pipers and Pipe Bands Society, toured the two sites last week and came to the obvious conclusion that Minden's is the superior site, said Chamber President John Mateer.

Minden's wide open Fair Grounds have the advantage of being within walking distance of the village centre. The arena and curling club are located right on the grounds, providing a convenient alternative in case of foul weather. And

there is plenty of parking.

Haliburton's Glebe Park is several miles from the village centre and arena and has limited parking. The park also has the disadvantage of being thickly wooded, although offers have been made to begin clearing some areas if it is chosen as the Games site.

The Chamber's decision, though, will also be based on finances. Haliburton's municipal council is hoping to buy votes with its offer of a \$5,000 grant over and above the free use of the facilities if the Games go to Glebe Park. In spite of Reeve Ray Moore's

efforts, Minden Council put a \$1,000 ceiling on its financial involvement in the Games.

This is the delicate balance that has to be offset in tomorrow's vote by the board.

The competition to win the honour of hosting this first annual event demonstrates just how much faith people have in the ability of the Scottish-style Games in drawing people to the County.

Regardless of which community is chosen as the host, the entire County will benefit, says Chamber Manager Shirley Rapson. There

is a great deal of excitement and a willingness to get involved, she says.

The Haliburton Highland Games will be one of several in a competitive circuit, with the Maxville Games, east of Ottawa, being the largest.

"When I think of Maxville, with 40,000 people annually, I can't help but get excited," said Rapson.

The Haliburton Games are slated for June 24. This year the events will be limited, but they will expand in future years as the Games' reputation grows.

around the county town

by Jeanne Sears. Call 286-1538.

At last Thursday's card party at St. Paul's Anglican Church, winners were - high lady - Marg Horsley, low lady - Lorna Bridgman, high man - Orval Francis, low man - Lil Martin and lone hands - Eleanor Pye.

Belated good birthday wishes to Fred Cooper on his 75th and also don't forget Art Austin on February 9, James Minto February 17, and at Hyland Crest Stella Stinson February 16 with good wishes to all.

We heard that St. Paul's ACW had a very successful Pancake Supper on Feb-

ruary 7th. They are now taking orders for personalized or decorated Easter eggs with numbers to call 286-3210 or 489-2223.

We have a long list of the sick, so here are some I heard about - Larry Little, Herb Lee, Edna Cowen, Ruby Francis, Ruth Wruth, Lily Dugan, Bill Heaton, Mary Currah, and Audrey Burk; the community sends good wishes to all.

Beatrice Little and Mary Cox enjoyed a weekend at Bancroft with the Basil Cox family and while there

attended the christening of their granddaughter Jennifer Cox.

Julie and Bill Woolfrey of Bridgenorth visited last weekend with Audrey and Bob Vick and Wayne Hicks from Toronto was also there.

Rebecca Bellefeuille formerly Harrison of Lochlin recently passed away in Toronto.

Some of the winners at the Tuesday night Euchres at Lochlin Centre were Isabel Saunders, Paul Hilyer,

Chris Hill, Bessie Burk and the next games there will be on February 21st.

There is to be a Special Service for Japanese P.O.W.'s on February 24th at 11 a.m. at Minden Legion and everyone is welcome. We hear that there is also one of these services at Haliburton Legion, with other legionnaires attending.

The Horticultural Society had a very successful Pot Luck dinner at the Catholic Church Hall Tuesday, February 7th with special speaker being Bert Card.

Roger Hicks and friend of Oshawa spent a couple of days in our area, fishing; hope you caught some good ones.

The Senior Committee of Minden Museum had a meeting at the Cultural Centre February 8. This was to plan the expenditures

for the Bowron Home. After all had a look inside this building.

Sincere sympathy goes to the families and friends of the late George Davidson and Lil Porter whose funerals were since last week.

Marian and I enjoyed a great day at Deer Lodge last Monday with a crowd of over 90 seniors, there were games, line dancing, deer races, bingo, table shuffle, and a great roast beef dinner. Another one is planned for March 6th - so get your name in as they usually take in the first 100 names.

We understand that Jean and Art Marsh had a really enjoyable 45th wedding anniversary with all their family. Belated congratulations.

Coming events are the Haliburton Forest and Wild-

life Reserve Poker Run snowmobile event, best poker hand wins a new machine and other prizes. Call 754-2198. Wednesday at 2 is the Minden Women's Institute at Library Cultural Centre and we welcome all newcomers.

Club 35 euchre party winners for the week are: 50/50 - Jim Irwin, most lone hands - Clarence Bunker, high lady - Olive Daniels, high man - Don Gartley and others - Marie Thompson (twice) and Jack Gregory.

There will be a general meeting of the Archie Stouffer Home and School Association on February 22, 1989 at 7:30 p.m. in the library at Archie Stouffer Elementary School. Topics of discussion include: Progress toward an addition at Archie Stouffer School; and Playground Behaviour and Supervision. Babysitting available at meeting.

COMING SOON..... KOUNTRY DOUBLE D CATERING LTD.

Be a guest at your next party.

Hi Kids!
Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down forward, backward and diagonally.

They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Stanhope matches fire fee hike

The income generated by Minden's price hike for fire protection in Snowdon Township will all end up in the hands of the Stanhope Township Fire Department.

While Minden provides fire coverage to a part of Snowdon Township, the Stanhope department covers a part of Minden Township. And last Wednesday, Stan-

hope Council decided to match the fee increase that Minden is charging Snowdon.

At last Wednesday's meeting, Stanhope Clerk Gerald Bain explained that the standby fee charged to Minden was originally set up to be equal to what Minden charges Snowdon. This is because the area of Minden covered by the Stanhope fire department is roughly equal to what the Minden fire department covers in Snowdon.

However, when Stanhope was adjusting its fee one year ago, council decided to limit the increase in hopes of persuading Minden Council to reconsider their demand for a doubling of the standby fee from Snowdon.

Recently, a new agreement was reached between Snowdon and Minden that sees the standby fee increased to \$5,000 annually. Stanhope's fee to Minden will now match that.

Stanhope Council also decided to put half of the fee into a reserve fund for new equipment.

In a related matter, Stanhope Township has agreed to double its donation to the Minden arena this year. Council has agreed to donate \$50 to the recrea-

tion committee for each Stanhope Township child who uses the Minden Arena.

In previous years the donation to the arena has amounted to \$25 per child. However, with expensive arena repairs ahead, Minden asked that the donation be increased. Stanhope Council agreed to the request, but that this is a donation as opposed to a bill.

Acid rain report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing station in Dorset and compiled by Environment Canada.

This report covers the period of January 30 and 31.

January 30 - 3 mm mixed rain and snow, pH level 4.6, from Wisconsin and Michigan.

January 31 - 3 mm mixed rain and snow, pH 4.8, Missouri, Illinois, Indiana, Michigan and southern Ontario.

Hospital director relieved of duties

Leo Doiron, executive director of St. Joseph's Hospital in Peterborough and the hospitals in Minden and Haliburton, has been relieved of his duties. The notice was delivered by Mrs. Helen Willcox, chairperson of the hospital's board of directors.

Willcox read a brief press release to The Times by phone early Friday morning. When asked if, in fact, Mr. Doiron had been "fired" by the board, she said the board preferred to use the terminology of the press release, "Mr. Leo Doiron will not be continuing in his position as Executive Director."

The press release stated, "The board, the Sisters of St. Joseph and staff appreciate Mr. Doiron's integrity, courtesy, hard work and loyalty to the hospital. There was nothing personal in the decision."

The chairperson said the decision was made with the best interest of the hospital in mind. "...the time had come...to go forward with new leadership."

The head of the board said that Mr. Doiron had given 25 years of dedicated service to the hospital.

Gerry A. Rowe has been hired as an interim executive director for the hospital. According to Willcox, Rowe has had a variety of experience in hospital administration, and government health related services.

*I love you honey, so hold on
Someday we will have money.
We have two boys, soon one more
To add to the noise.
Our nerves are shot, our minds are fried,
But with our love we'll always thrive,
So on this day, we just want to say
We love you...Happy Valentine's Day!*

editorial

Good news,
bad news

There's some good news and some bad news from the Haliburton Highlands Chamber of Commerce.

The bad news is that there is a slight rift emerging between the two forces trying to bring the Highland Games to their communities.

The good news is that Chamber has something so positive for the county as the subject of their debate.

If the Highlands Chamber of Commerce never did anything, they would have nothing to argue about. On the same token, though, they would have nothing to rejoice about either.

The new, heightened level of energy coming from the Chamber is what this county needs to keep up in this very competitive tourist trade. New events like the annual circus in Stanhope Township and, of course, the Highland Games will help strengthen the county's ability to continue attracting visitors.

The fact that everybody wants the Highland Games in their own back yard is a tribute to the concept of the event. If people believed the Games were going to be a failure, there would be no struggle. The fact is, though, the concept of having Highland Games here in Haliburton County is perfect.

The Chamber will be making its choice between Glebe Park in Haliburton Village and the Fair Grounds in Minden tomorrow night. While the fair grounds offer the better facilities, Glebe Park comes complete with a generous financing offer from Dysart Council. The choice will be difficult.

Regardless of which site is selected, the Chamber deserves a round of applause for the continual work it does to bring such opportunities to the area.

This guy's even more dangerous than Genghis Khan

Here's a little quiz for you: name the most dangerous man ever born.

There are more than a few contenders. Genghis Khan. Hitler. Stalin. Napoleon.

I put the question to the regulars down at The William Lion Mackenzie King Memorial Beverage Room (Dress Code Optional). They came up with some candidates I hadn't thought of, such as Idi Amin, Count Dracula and Richard Nixon.

The four guys at the pool table split right down the middle. Two of them thought Mohammad Qaddafi

black 'n white

by Arthur Black

was the most dangerous critter ever to walk on his hind legs. The other two voted for Ronald Reagan.

We tossed around the names of just about every backstabber, bushwhacker, fourflusher and mass murderer who ever made a headline, but nobody even

mentioned my nomination for The World's Most Dangerous Man.

I'm talking about Hacker Mitnick.

His real name is Kevin David Mitnick and he has one big advantage over baddies like Count Dracula, Billy the Kid and Jack the Ripper. Mitnick is alive - in a Los Angeles jail, thank God, but don't bring the kids and the womenfolk out of the root cellar just yet.

Hacker Mitnick may not be in jail for long. And

(more on page 5)

opinion

It all starts in your trash can

Editor

Bravo Peterborough for your plan to ban disposable diapers. Garbage is one of the smaller aspects of the enormous multi-faceted environmental problem that confronts us, but it's good place to start because it's so immediate—something we can all get our hands into.

Take a look at the contents of your garbage can. Believe it or not there's some real value lurking

among that putrid mess. The key to capitalizing on that value lies in learning to separate your garbage. Almost half of the garbage that clogs the dump sites is vegetable matter that can easily be returned to the land in the form of compost. Empty cereal boxes make good catchalls for junk mail, and then the whole thing becomes kindling for the woodstove. Burnt-out light bulbs can make a good heel form

when darning socks. Empty cans and jars can be rinsed out and taken to the Dysart recycling depot along with old newspapers.

You can also re-use plastic shopping bags. Take bags with you when you go shopping or ask for boxes or paper bags in the stores. There are a couple of retailers in Minden who will support your environmental efforts by recycling shopping bags for you. Lloyd

Brown at the Pet Food Place will accept plain white plastic bags and Wayne Henderson at The Store-room recycles any kind of shopping bag.

So there you have it: a place to start whittling away at that unfortunate global pile of junk we've unwittingly created—and it's right in your trash can.

Joy Johnson
Minden

The world's most dangerous man

(from page 4)

when he makes his break, he won't need a machete or hand grenades or a team of Ninjas armed with Uzis to pull it off.

All Hacker Mitnick needs is a telephone.

Not to call his friends - Mitnick doesn't have any. He is, to quote his arresting officer "a big fat slob of a guy who eats Fat burgers, drinks Slurpees and couldn't get through a day without breaking into a computer somewhere".

Which is where the telephone comes in. Mitnick can use a telephone to break into computers. Any computers. "He could pick apart almost any computer system in the country" said Jim Black, a computer crime specialist with the Los Angeles Police Department.

And he did. Mitnick is truly obsessed about crashing computer parties he hasn't been invited to. He's currently charged with illegally tapping into computers from Leeds University in England to UCLA in California. Police say he caused almost \$5 million in damage to one American computer system.

The thing that makes Hacker Mitnick especially dangerous is that he's not only a computer genius - he's also ruthless and vindictive. "He has no respect for right or wrong and no respect for anyone else's privacy" says Leonard DiCicco, a former colleague who finally blew the whistle despite personal threats from Mitnick.

When he was only 17 Mitnick was convicted of pilfering classified data from Pacific Bell's computer network. The judge that sentenced him later discovered his personal credit rating had been slashed. How? Well, credit information data is stored electronically, in computers...

Mitnick's probation officer suddenly discovered that his telephone had been disconnected. The telephone company had no record of doing it.

"The bottom line with Mitnick" says detective Black, "is that if you have a job, pay a gas bill, use a phone or drive a car he can find you and ruin you electronically."

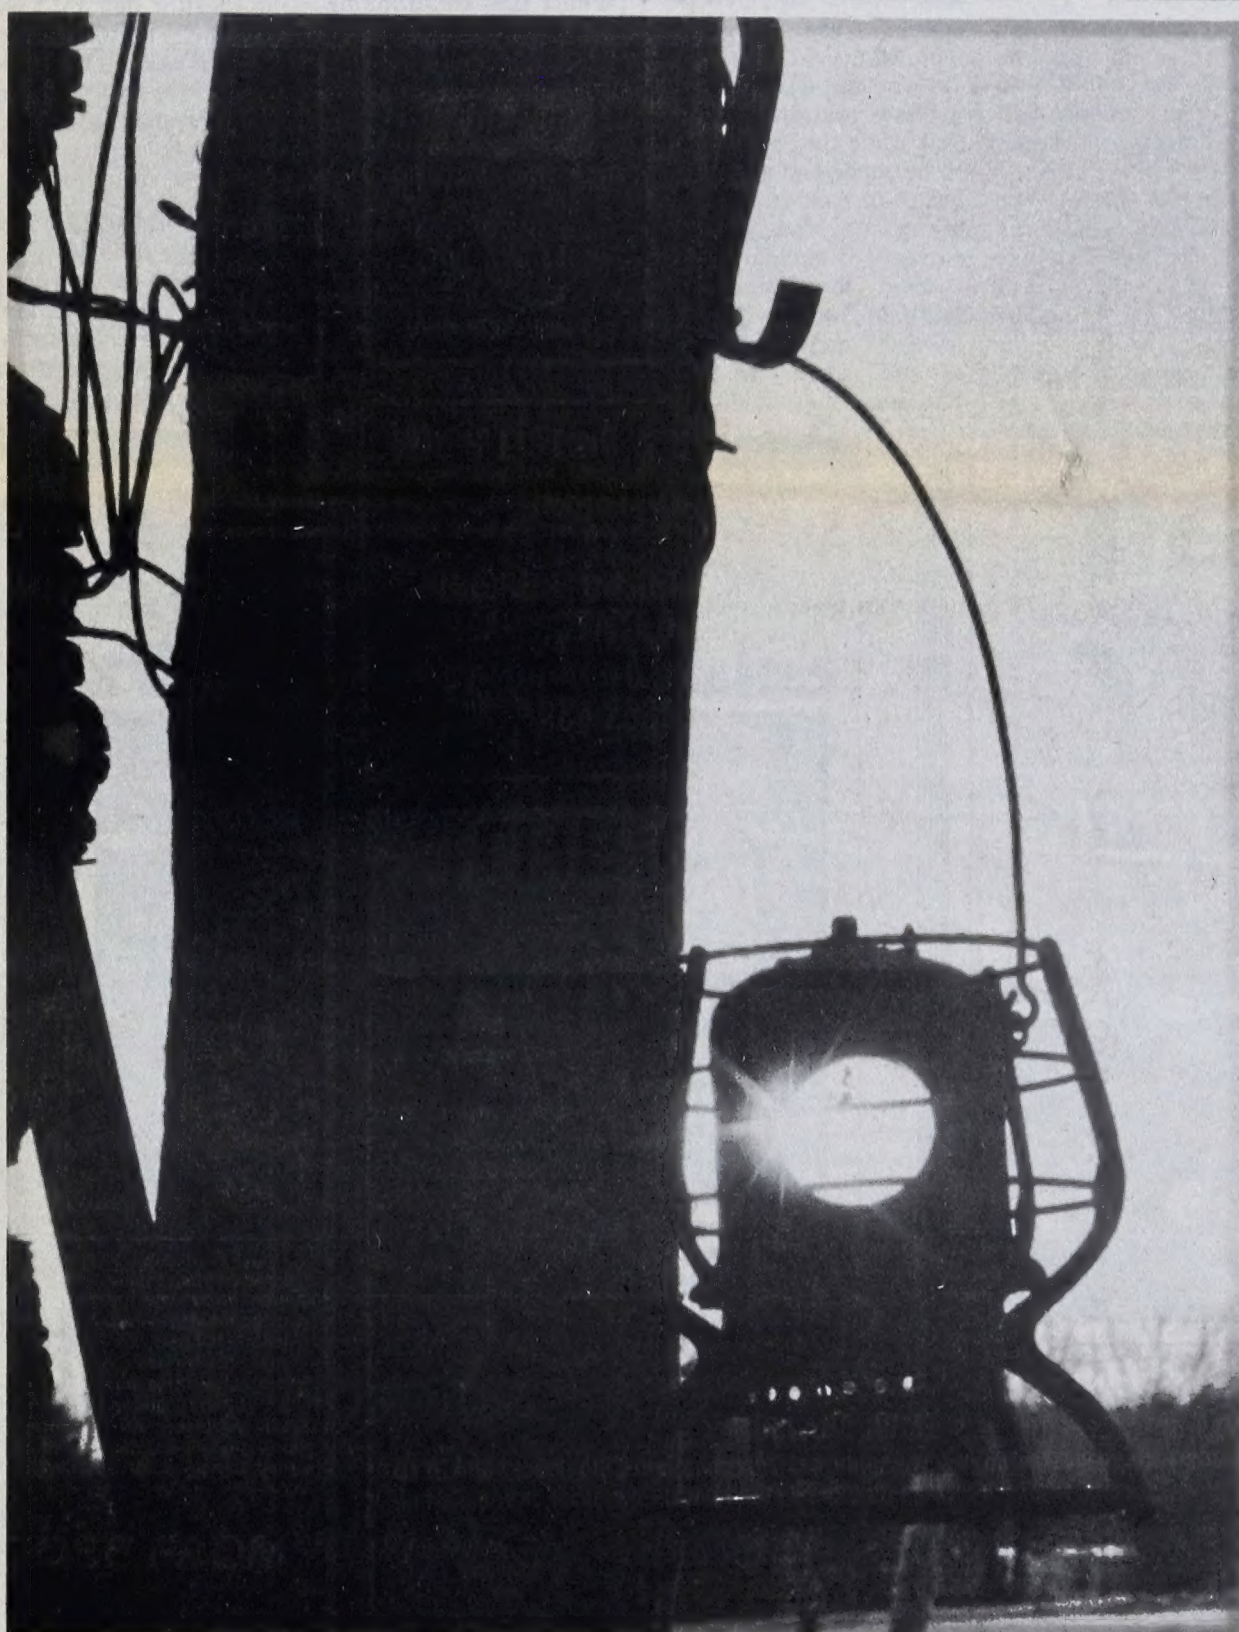

Well, Hacker Mitnick won't be ruining anyone for a while. He's being held without bail - and without access to a telephone - and he faces a possible 30 years in prison plus almost a million dollars in fines.

But with a bit of luck and a slick lawyer - and Mitnick has both - he'll be back on the street in a fraction of that time. Back on the street and eager to resume his mania for keyboard vengeance.

Scarey guy.

Other scarey guys needed major assistance to wreak their havoc on the world. Genghis Khan needed his Mongol hordes, Hitler needed his Gestapo, the Ayotollah needs the fear of the Wrath of Allah.

All Hacker Mitnick needs is a quarter and a phone booth.

Lighting the way

Russ Duhaime photo

Minden Hospital meeting long overdue

Editor:

To the people in Minden area who are interested in Minden Hospital.

This meeting on February 16 at 7:30 is not in the arena but at the council chambers and it is long overdue.

Where there is the will there is a way so come and get this Hospital in Minden, the county town capital of the county.

Gladys Kellett Wruth,
Minden.

Two dead, four injured in sled mishaps

Two people are dead and four more are injured as the result of three separate snowmobile accidents on February 5 in the Highlands.

Glenn Harry Bland, 23, of Cavan, died on Sunday, February 5 when he drove his snowmobile into a three-metre embankment on the shoreline of Benoir Lake in Harcourt Township. Andy Brotherstone, a passenger on the snowmobile was rushed to Bancroft Hospital with injuries.

Todd Pankhurst, 25, of Scarborough, was killed the same day when his snowmobile crashed into a steel gate at the entrance to a dump just off Highway 35 south of Dorset.

A third accident later that day caused injuries to Gordon Allen, 21, and William Hearn, 24, both of Markham, when their snowmachines collided with each other.

The first accident happened just after midnight. Bland was driving his snowmobile with Brotherstone on the back on Benoir Lake when they hit an embankment along the shore. They were both thrown from the machine, which carried on and burst into flames. Bland was pronounced dead at the scene. Brotherstone was treated at North Hastings District Hospital then transferred to St. Michael's Hospital in Toronto.

The second accident happened later that morning

when Pankhurst's snowmachine hit the dump gate. Pankhurst was taken to Huntsville Hospital then transported by air ambulance to Sunnybrook Hospital in Toronto, where he later died.

The third accident happened in the Haliburton Forest and Wildlife Preserve at about 6 p.m. Allen was following Hearn along one of the trails when Hearn slowed down. Allen was unable to stop and ran into the back of Hearn's machine, riding up on the seat. Hearn was taken to Haliburton Hospital by ambulance. Allen received minor injuries.

All three accidents are still being actively investigated by officers of the Minden OPP Detachment.

Health officials say risk to players is minimal: Minden parents allow kids to play hockey games

(from page 1)

all cases, the health officials have said there was little or no danger to the visiting players. Despite the reassurances, however, they could not offer a 100% guarantee to the players from outside the area that they would be infected and that the final decision rested with the players and parents.

The Minden Bantams

are involved in the first round of play-offs in which they play a series of games with various teams in the league. While the Minden team has been allowed to

postpone one game with the Manvers team because of the health concern, minor hockey officials have said that teams not attending for scheduled games in the future will forfeit the match. The

Minden Squad has a strong chance of winning in this round of the playoffs, but could find their efforts undercut if they withdraw from games with teams in the affected areas. As of Friday, the bantams had two games yet to play against Manvers, plus the game in Woodville and Sunderland.

The meeting of parents was told that the

Bobcaygeon Bantam team has cancelled its games with Manvers.

Shaw told the parents that while they were right to be concerned about the health of their youngsters, many of the stories currently in circulation are without foundation. He said that rumours that the Manvers arena had been closed were untrue. However he told the

parents that the drinking fountains in the arena have been turned off and the

teams there have been instructed not to share drinking bottles at the team bench.

The infection is spread through intimate personal contact, such as kissing, or in sputum generated in sneezing or coughing.

The parents generally accepted the assurances of

the health unit officials that their players would not be at risk if they played in the areas of concern. However, they also agreed to supply each player with his own drinking bottle for use at the bench and for the time being the players will be instructed to refrain from drinking the local water or eating food prepared in the arena they are visiting.

HALIBURTON

Damage estimates run as high as \$250,000

(from page 1)

Unofficial estimates to repair the damage range from about \$60,000 to \$250,000.

Although the resolution to hire the solicitor passed easily in a vote, Minden Reeve Ray Moore continues to oppose this action. In the past he has expressed doubts about the townships' ability to win this in court. He has also wondered aloud if the unofficial cost estimates are anywhere in the ball park. His fear is that the townships could end up spending tens of thousands of dollars in legal fees that could be used to correct the damage to the arena.

Berry, who is also a member of the ad hoc committee, admits there is some risk

involved. "We may find after two or three months that we have to back away." However, he expressed confidence in Todd's advice, and in his track record.

As a rough estimate, Berry said the legal costs will amount to \$15,000 to \$20,000 just to take the case to discovery, a preliminary step in the legal action. But he and other committee members believe Todd is honest enough to tell them the truth about their chances of winning.

A second resolution endorsed by council Thursday will allow the ad hoc committee to stand while the litigation progresses. Members of the ad hoc committee are Recreation Committee Chairman Toni Carr, Arena Manager Brian Sisson, Recreation Committee member David Johnson and Berry.

Minden's junior curlers compete in Fenelon 'spiel

The Minden junior curling club will be represented in a junior curling bonspiel in Fenelon Falls on February 18.

For the past several weeks, about 20 junior curlers have been practicing every Tuesday evening at the Minden Curling Club. Mike Maybee, who organized the junior league, recently mentioned the Fen-

elon 'spiel and he soon had a team ready to go.

David Maybee, Rebecca Wilson, Craig Bunn and Jason Adam will be competing in the points spiel. Mike Maybee says there is bound to be some talented teams at the 'spiel, but the Minden rink should be able to hold its own at this level.

There has been a very good response to the junior

curling program again this year. More than 20 young curlers come out to the club every Tuesday after school.

There are always a few experienced curlers on hand to offer advice, but Maybee says the idea is really just to let them get involved in the sport and have some fun.

Kick sleddin'

It's more fun than cross country skiing and it doesn't take hours and hours of practice to perfect the techniques.

It's called Kick sledding and the sturdy, lightweight sleds are being marketed right here in Carnarvon by Kari Sarala.

The beauty of kick sleds is that "you can just get on it and go," says Sarala, a native of Finland, where almost every household has one or more of these popular sleds.

There's no difficult technique to learn. "You have fun with it right-away."

Sarala says he has always had a few of these sleds around his home on Highway 118 in Carnarvon. "We do it (sledding) instead of going for walks," he said. And whenever he was out gliding along, people approached him and asked where they could get one of these sleds. So many people were asking about them that he decided to begin marketing them in Ontario.

In addition to their recreational value, the kick sleds are also very functional. They're ideal as a support for people who have a hard time walking in slippery winter conditions. They are also perfect for ice fishing, because all your gear can be strapped to the sled on the way out to the fishing hole, and once you arrive, the

sled can be used as a seat.

The sleds fold up easily to be stored or to put on the roof of a car. They sell

for about \$175 and are available at Northland Sales, Wedgewood Marina and Kennedy Sports.

VICTORIA - HALIBURTON HOUSING AUTHORITY POSITION SUMMARY

Will perform interior and exterior building and grounds maintenance as assigned. Cleaning of floors, windows, stairwells and public areas. Preparing units for new tenants on turnover. Perform maintenance repairs and ensuring heating and water systems are in good repair. Inspect and monitor operation of fire warning systems. Will also be responsible for garbage collection and removal as well as inventory control.

Exterior duties will include lawn maintenance, snow removal, clearing of debris and cultivation of trees and shrubs. Duties will be of a general nature aimed at maintaining the building's exterior to a high standard in accordance with planned maintenance program. Other duties as assigned.

Incumbent required to live in on site.

LOCATION: Victoria County, Lindsay.

THIS IS A CROWN EMPLOYEE BARGAINING UNIT POSITION.

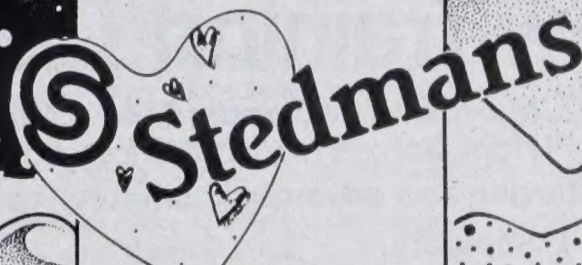

QUALIFICATIONS: A knowledge of modern janitorial methods is a pre-requisite and must be able to effect minor maintenance repairs. All building custodians must be physically fit and proven ability to exercise tact and diplomacy. Ability to communicate effectively both orally and in writing is a definite asset.

EQUAL OPPORTUNITY EMPLOYER.

WRITTEN APPLICATIONS SHOULD BE SUBMITTED BY FEBRUARY 24TH, 1989 AT 12:00 NOON.

Minden - Haliburton

The eight-ender: it's more uncommon even than golf's hole in one because there are four people on the opposing team who will do whatever they can to prevent it from happening. But it does happen occasionally. A few weeks ago Bob Colliver's rink earned an eight-ender in the Tuesday night men's league at the Minden Curling Club. Helping Colliver with the seemingly impossible task were his vice, George Hewitt, second Dwight Morley and lead Don Joynt. They were trailing Bill Dillon's team in the fourth end when they picked up the eight points.

Hospital fund now officially in place

The Rotary Club of Minden has announced the creation of a bank account for funds for the construction of a new hospital in Minden. Creation of the account was announced last week by President of the club Peter Bennett.

The president emphasized that the club was not, at this time, undertaking a fund raising drive, but rather creating an organized system through which individuals wishing to make a donation for the eventual construction of a new hospital may do so. "We are aware that there are no immediate plans for the replacement of the present hospital," the president said, but we are also aware that people in the community are concerned about the future of the existing facility." He said a number of donations have already been received by the club and the members felt a formal procedure for handling the money should be set-up. He noted that while the Rotary Club is organizing this effort, the funds are being held in public trust and are not part of the club's other fund raising and community efforts.

The account has been established at the local branch of the Canadian Imperial Bank of Commerce. The provisions under which the account was established are that money can only be deposited in the account, or in another accepted secured investment. The money can only be used for the construction of a new hospital in Minden. The provision under which the fund was established notes, however, that if it becomes obvious that a new hospital will not be

built in Minden, the money can then be used for the betterment of health services in the Minden area.

A federal charities number has been obtained to allow the issuing of receipts that will be valid for income tax deductions.

The Rotary Club has

agreed to underwrite the cost of operating the account, so that all funds received and interest earned will be used for the purpose outlined.

Under the provisions set out in establishing the account, a seven member group will oversee the

management of the fund. Four members of the group will be drawn from the Rotary Club, including the club's president and treasurer, and three members of the community. They will be responsible for the handling of funds, including investing the money for

best return and over-seeing the annual audit of the account. The annual audit will be published in this newspaper.

Members of the group include Rotary President Dr. Peter Bennett, club treasurer Cec Rowe, Rotarians Jack Brezina and

Paul Heffer, and from the community, Dr. Steve Dawson, Gord Monk, and a member of the Kinsmen Club of Minden. Membership of the group will change from time to time.

Inquiries regarding the fund can be made in writing to Box 504, Minden.

Nicholls helps dress Redmen hockey team

The HHSS Redmen hockey team will have new sweaters when they hit the ice for a new season thanks to the generosity of NHL star Bernie Nicholls.

The Redmen will be receiving \$500 (American) from Chrysler Canada on behalf of Nicholls, who was named the Dodge/NHL Performer of the Week in early December.

Dodge donates the \$500 prize to the youth hockey association of the winner's choice. School vice principal Gary Brohman said he is delighted that Nicholls chose the Redmen as the recipient.

The Redmen Hockey team is showing a lot of promise

in this, the team's third season in the league. It's always a struggle, though, to raise the funds for equipment and ice time since the team is not funded by the board of education.

Nicholls, a 27-year-old West Guilford native, recorded 13 points in three games while setting three new team records in the week ending December 4. The Los Angeles Kings centre edged out teammate Wayne Gretzky and St. Louis goalie Greg Millen for the award.

Brohman decided the money should go towards something tangible for the team rather than being used to cover general expenses. With the American exchange on

the money, there will be just about enough to pay for a complete set of red team sweaters.

Nicholls, a former HHSS student whose brother now plays for the Redmen, started out his award-winning week with one assist in a 9-3 win over New Jersey. On Dec. 1, he became the tenth player in league history to score eight or more points in a game. During that contest, Nicholls established club records for assists and points in one game. He then scored two goals—including the game winner—and added two assists in a 6-4 win over Chicago on Dec. 3.

Tri-County Atoms have busy schedule before playoffs

by Corinne Howell

Once again the Minden Tri-County Atom team had a busy weekend, they were to play their last two league games before starting the playoffs.

Both games were to be played in Fenelon Falls, the first being played Friday night. Fenelon were prepared for the battle which began as soon as both teams took to the ice.

Minden was on the attack and after many attempts were rewarded by a goal scored by Andrew

Crego assisted by Todd Redgrave while being short-handed.

The second period proved to be just as exciting, with both teams trying to break through the defence. Although both teams tried hard we were not to see any goals scored in the second period.

Minden started the third period with a bang, as Scott Dettman scored Minden's second goal in the first few seconds, from a great pass by David Raback.

Fenelon managed to break through the defence

but had to face goalie Terry King, who was determined to hold onto his shut-out, which was sealed as Marty Dettman scored on a breakaway in the last few seconds of the game.

Minden 3 - Fenelon 0 was the final score.

Minden returned to face Fenelon Falls again on Saturday morning. We know that this was not going to be an easy game.

Neither team was going to give an inch, this led to a scoreless first period.

During the second period Fenelon Falls were so

desperate to have the upper hand that things became heated and we were to see several penalties against Fenelon.

Minden kept their heads and we were to see yet another goal scored by Scott Dettman, assisted by Marty Dettman and David Raback.

Now into the third period we were to see both teams attack time and again, but it was to be Minden who came through to score their second goal by Andrew Crego, assisted by Todd Redgrave.

Fenelon gave goalie Terry King a tough time, and at one time while Terry was taken off guard, defence-man Daniel Howell backed him up by picking the puck

off the goal line, saving the shut out.

Minden 2, Fenelon 0 was the final score. Good luck in the playoffs, boys.

STAANWORTH MEMORIAL CLOCK FUND

A committee has been formed to create a memorial to honour the pioneers and early settlers of the Townships of Anson, Hindon and Minden, Stanhope and Lutterworth.

The memorial will consist of a clock with two dials, one five feet in diameter and facing the town of Minden and the other three feet in diameter facing the fairgrounds.

Both dials will be illuminated and the clock will be approximately fifty feet above the ground.

The committee believes that the people of the three townships will wish to recognize the courage, toil and dedication of those early settlers who established themselves in this challenging land.

Donations to the Staanzworth Memorial Clock Fund should be made to:

The Municipality of Anson, Hindon & Minden
Re.: Staanzworth Memorial Clock Fund

SPECIAL OCCASION PERMIT

Bill Dillon, left, and Linda Easton, right, presented the award to the winners of the first draw in the Easton's Valumart seniors bonspiel at the Minden Curling Club last Tuesday. Accepting the award is Glenn Branton and his rink of Dave Simpson, Rod Wiltshire and Fred Kitchen.

Lindsay rink wins Valumart seniors bonspiel at Minden Curling Club

By Stan Hill

Gord Tully's Lindsay Rink was the winner of the 16-team seniors bonspiel held at the Minden Curling Club on February 7 and was awarded the Easton's Valumart Trophy by store owner Linda Easton and store manager Bill Dillon.

This team chalked up 38 out of a possible 42 points in its two games in the second draw. Curling with Tully were Wes Ellis (vice), Clarence Silverthorn (second) and Murray MacLeish (lead).

In addition to the trophy, the winners received prime rib roasts and porterhouse

steaks from Valumart, the bonspiel sponsor.

Prize winners for the first draw are: Fred Kitchen, Oshawa, first; Keith Harrison, Peterborough, second; Lorne McInnes, Woodville, third; Bruce Oliver, Bobcaygeon, fourth.

Prize winners in the second draw are: Gord

Tully, Lindsay, first; Bill Weaver, Fenelon Falls, second; Bill Monks, Oshawa, third; and Ed Pickard, Haliburton, fourth.

Minden teams skipped by Bill Milford and Gil Scott each won one of their two games but finished out of the prizes—the price of being good hosts.

DRUNK DRIVING KILLS!

Will alcohol claim you as yet another victim of escalating statistics? Each year, the scene is the same. Friends gather together, and will have a drink or two...or three. Then it's time to go home. Whether around the block or long distance, the effect of even one drink makes you a threat to yourself and others! Reflexes become sluggish and judgement is impaired, in short, you become a potential killer as soon as you get behind that wheel. This season, if you drink, use your head. Don't drive. If a friend has one too many, encourage him to find another way home. Don't let your celebrating lead you down a dead end street...permanently!

Minden skaters earn top marks at the second annual Meet to Skate

The Minden Figure Skating Club can be proud of the performances of those who competed in the second annual Meet to Skate at the Minden arena on February 4 and 5. Local competitors in the meet are, from the left (front row), Marita Schrader, Danielle Berube, Janene Garbutt, Kristi Barkwell, (back row) Kim Langille, Veronica Anderson, Meaghan Obee, Tammy Pritchard and Cori Barkwell.

The Minden arena was a hive of activity last on February 3 and 4 when the Minden Skating Club hosted their second annual Meet to Skate.

There were 175 skaters competing from 29 different clubs in this well-organized event.

The events got underway Saturday morning with the Pre-Preliminary Ladies Free Skate and there were 48 ladies entered in this event, requiring six flights to accommodate them all. Only the top two went on to the finals.

Danielle Berube was ninth in the first flight, Kristi Barkwell was third in her flight, Kim Langille was fourth in her flight and Marita Schrader was second in her flight and eighth overall in the finals.

In the Preliminary A Elements, Meaghan Obee was fifth in her flight. Kristi Barkwell was second in her flight and sixth overall.

Cori Barkwell competed in the Junior Bronze B Ladies Freeskate. This was a final in this event and she placed second. Cori also competed in the Junior Bronze B Ladies Elements

and came away with the gold medal.

In the Preliminary A Ladies Freeskate, Veronica Anderson was eighth in her flight.

Tammy Pritchard skated her best program in a while and won the gold medal in the Junior Bronze A Ladies Freeskate. She also won the gold medal for the Junior Bronze A Ladies Elements.

Janene Garbutt was Minden's only skater on Sunday and in the Preliminary B Ladies Free Skate she placed third in her flight with only the top two going on to the finals. In the Preliminary B Ladies Elements, Janene was first in her flight and placed second in the final behind Sara Ann James of Mount Forest.

The skating club is very proud of the fine performances from all the Minden skaters who demonstrated good sportsmanship on and off the ice. Without the long hours of work from all the test programs skaters, they could not have managed.

Hats are also off to Toni Carr and all of her helpers for making this another successful competition.

Recycling meeting is set

Representatives from every municipal council in the county are being invited to a special waste recycling meeting at the Haliburton Legion on February 24.

The purpose of the meeting, which is being organized by Stanhope Township Council, is to explore the potential of establishing a county-wide recycling program.

Haliburton County Council is already commissioning a waste management study that will examine this potential, but it will not be complete for about three years.

The area's municipal councils do not want to wait that long and several have already taken steps to set up their own recycling programs.

Stanhope Council had been asking about the availability of provincial funding for this when they were advised to join up with neighbouring municipalities to make recycling more feasible.

The February 24 meeting is the result of that advice. Up to three members of each council will be invited to attend the meeting which will not be open to the public.

Eakins announces recreation grants

A 1989 Capital Grant has been awarded to the Kirkfield and district Lions Club to assist in the construction of a new recreation facility.

John Eakins, MPP for Victoria - Haliburton announced today on behalf of the Honourable Hugh O'Neil, Minister of Tourism and Recreation.

This Capital Grant of \$199,575.00 contributes to the construction of a new 6,500 square foot Community Centre designed to house a large main hall, a permanent seniors room, and other related amenities.

ies.

With the help of lottery funding, this new recreation facility and community complex will contribute greatly to the health and social enjoyment of the residents of Kirkfield and district.

Eakins also announced that the Tall Pines Snowmobile Club in Dorset will receive a \$53,948.00 Wintario Development grant. "This grant will purchase trail grooming equipment which will be used to enhance snowmobile safety and increase

participation through more trails being made available which are groomed to standards," Eakins said.

The Minister of Municipal Affairs, also announced recently two Capital Conservation Grants.

A grant of \$6,600 has been awarded to the Stanhope Firefighter's Community Centre to assist in electrical and heating renovations.

The Highland Grove Community Centre in the Township of Cardiff will

receive a \$1,020.00 Capital Conservation Grant to upgrade its kitchen facilities to meet the requirements of the health unit.

"Recreational facilities are important centres of activity in a community," Eakins said. "These lottery-funded grants help to prolong the life of existing recreational facilities and community centres, so they can continue to provide quality service and help foster the well-being of generations of their users."

...AND A LOT OF EXTRA CARE.

Just two games left for novices before playoffs

by Lois and Jimmy

The Minden Monarch Novice C team entered their second tournament this season on Jan. 28 in Ops.

With a full schedule of league games played this season and no breaks during Christmas holidays, they once again proceeded onto the ice against Fenelon Falls for the first draw, only to clean up with a 4-1 win.

Credits go to Mitch Johnson, B.J. Redner, Cameron Neville and Chuck Hopkins for goals. Assists went to Neville, Gavin Gartshore, Redner and Chris Little.

The second game seated them against Haliburton for another see-saw game, ending in a 2-2 tie after three periods. This one went into overtime. And not until the final 14 seconds of the period did Haliburton finally manage to score the game winner.

Great playing by Minden's Gavin Gartshore put their two goals on board with assists from Redner and Neville on one.

3-1 WIN

On February 4, we were down in Ops for another league game. In the first period the scoring was back and forth with Minden lighting the scoreboard at the 8:20 mark off the stick of Gavin Gartshore.

Gartshore scored the second Minden marker with an assist by Neville at the end of the first period.

The second period saw both teams battle back and forth, but no scoring. The defensive battle continued until late in the third period when Chuck Hopkins scored to ice the game for Minden. The final score was 3-1

FIRST LOSS

The February 5 game is long past, and is one for history or posterity. Minden came home from this one with their first loss of a league game this season.

They certainly have nothing to be ashamed of as they have played hard and strong in all games and produced a most respectful showing. (Ballard should be so lucky) They have worked hard for their standing and with only a short time to go before hockey season is over for another year, they will certainly display some more strong moves on the ice and come through with a proud finish.

Scoring in this game didn't open until the second

	G	A	Pts
Cameron Neville	39	23	62
Chuck Hopkins	40	9	49
Gavin Gartshore	15	12	27
B.J. Redner	15	2	17
Mitch Johnson	5	10	15
Chris Little	0	6	6
Wayne Kernohan	1	4	5
Clay Davis	1	3	4
Shawn Casey	1	2	3
Steve Ecclestone	2	0	2

period when Neville picked up a loose puck and slapped it between the pipes at the 8:32 mark. Fenelon came back with their answer, though, just three minutes later.

This was starting to look like another tie game, but with four seconds left on the clock, Fenelon snuck one in on Shane Flood to give them their first win against Minden.

There was superb goaltending by Flood throughout the game as Fenelon had other opportunities at the net only to have them destroyed by great defensive moves and goaltending.

With two league games remaining, the Monarchs have an enviable record of 21 wins, one loss and one tie.

The last two league games are slated for Feb 18 and 19. On Feb. 18 Manvers will be in Minden for the 11 a.m. game. On Feb 19, Minden travels to Haliburton for a 3 p.m. game. They should be good ones. Come out for these. Playoffs to follow.

Highland Guides preparing for Thinking Week

by the
Highland Girl Guides

February 22 is an important date every year for the Guide and Scout movement around the world. It is the combined birthdate of Lord and Lady Baden-Powell - beloved Chief Scout and Guide. "Thinking Day" as we call it, is not just a day of memorial during which we are truly thankful for the inspiration and dedication of our founder, but, as well, a day of rejoicing in the legacy of fellowship that he and his wife strived to give us.

This year we are celebrating Thinking Day with the theme of Peace. In June 1945, when the Charter of the United Nations was adopted, it included a statement urging that we practice tolerance and live together in peace with one another as good neighbours. Over the years, Lord and Lady Baden-Powell travelled far visiting Scouts and Guides in every corner of the world. They encouraged and trained boys and girls for good citizenship. Activities were based on the principles of human rights and equality of all human persons without distinction such as race, colour, sex, nationality, language, religion or social or other origin. The development of friendly relations among people from different countries and continents has been one of the most significant characteristics of this worldwide movement and an excellent opportunity for the promotion of international understanding and world peace.

But peace, meaning absence of war, should also be visible in the sharing of our every-day life as good neighbours in our own community. Baden-Powell meant Guiding and Scouting to be fun - fun with a purpose. Fun that would help boys and girls have a positive experience with others and gain skills that would serve them well in their own lives in dealing with those in the community. The movement offers a challenge, an opportunity to learn co-operation and decision-making. Resourceful, responsible young adults able to give leadership and meaningful service are the end result. They are dedicated to being good neighbours at home and around the world.

This year is also the one hundredth anniversary of Lady Baden-Powell's

birth. She was an incredible lady who supported and continued her husband's ideals long after his death in 1942. She realized then that the Guides needed her more than ever. She continued to travel millions of kilometres and rejoiced in the company of the young people. She was over 85 when she had to give up her travels and died peacefully in her sleep at the age of 88. "We remember with gratitude the gift of her cheerfulness and encour-

agement her infectious good humour and her sense of fun. Let us try to live up to her example of caring for each other and try always to look up, to love and laugh and live." (a portion of the nationwide memorial service which coincided with similar services around the world at the time of her death in 1977.)

The Girl Guides, Brownies and Pathfinders of the Highland District are combining their efforts to put on an exhibit at the

Agnes Jamieson Gallery during Thinking Week. Members of the 1st

Minden Girl Guides will be on hand at the Gallery on both Saturday, February

18 and 25 to serve tea and answer questions between 10 a.m. and 4 p.m.

OPP Notes

During the week of January 23 to 29, officers of the Minden OPP Detachment investigated 72 general occurrences and 13 vehicle accidents with three people injured.

During the week of January 16 to 22, police investigated 46 general occurrences and 14 traffic accidents with four people injured.

During the week of January 30 to February 5, they investigated 43 general occurrences and 16 traffic accidents with one person killed and four injured.

IMPAIRED

Douglas Henry Wilson, 36, of West Guilford, is charged with Impaired Driving, Driving over the legal limit of 80 mgms and driving while his licence is under suspension after he was involved in an accident in the parking lot of NJs Roadhouse on the afternoon of January 31.

There were no injuries in the accident. Wilson is scheduled to appear in Provincial Court Minden on March 1.

ASSAULT

Carmen Bradley Barry, 38, of Stanhope Airport Road, is charged with pointing a firearm after police received an assault complaint on the evening of February 5.

Barry will appear in court on May 5 in Minden.

ACCIDENT

Justin White, 17, of Lochlin, was riding a bicycle on County Road 1 west of Old Donald Road when he was hit by a passing car. White was taken by ambulance to the Haliburton Hospital. Police say White steered slightly to the left in front of the passing car.

FIGHT

A fight at the Jug City variety store in Minden on January 28 resulted in two people being charged with causing a disturbance. The fight broke out at about 6 p.m. between Peter Lawrence Allen, 27, of Guilford Township, and Raymond Nesbitt, 20, of Lindsay.

YOUNG OFFENDERS

A young offender is charged with theft as a result of an investigation into a damage complaint in Wilberforce on January 28.

A young offender is charged with Break and Enter with Intent after being found inside Sunny Variety in Minden late on January 27.

Two young offenders were charged with Break and Enter after they were found in a local cottage. A report of a vehicle being hit on a cottage road and information from another police department initiated this investigation.

Two young offenders have been arrested and are charged with theft. Both are accused of stealing two snowmobiles from lakeshore Marine in Haliburton on Wednesday February 1.

SLED ACCIDENT

A snowmobile travelling south in the northbound lane of the Soyers Lake Road collided head on with a northbound car on January 19. Larry Little, 18, of Minden was the driver of the snowmobile. He was taken to hospital and has been charged with failing to share the roadway. The driver of the car, Joang-P Bui, of North York received minor injuries in the crash.

OPP Constable Bob Wood investigated the accident that happened at about 8 a.m.

BUS CRASH

On person was injured in a car/bus accident on January 20 on the Donald Road, east of County Road 1. A school bus driven by David Allison of Haliburton was westbound entering a curve when struck by an eastbound car driven by David Newham of Haliburton. The Dysart Fire Department was called to remove Newham from his vehicle. He was charged with failing to share the roadway.

Library Board picks chairman

Holly Sisson of West Guilford was elected Chairman of the Haliburton County Library Board for 1989 at the last meeting of the board.

Sisson has served on the board since 1984 in a number of capacities and recently completed the term of Jane Franklin who resigned as chairman in mid-1988.

Sisson brings to the board long and varied experience as a member of Dysart Township Council where he served as Reeve for a number of years and also as Warden of the County of Haliburton.

"I'm looking forward to this new year," said Sisson,

"but it is important to remember that no matter where we go with automation and computers, our main business is books. We must never lose sight of this."

Also elected as Vice-Chairman was Glen Madill, Deputy-Reeve of Glamorgan.

Other members of the Board for 1989 include Bern Berry, Pat Black, Keith Murphy, Lynn Raback and Warden Keith Tallman.

The Haliburton County Public Library is one of the older of the 17 county libraries within the province, having been established in 1965.

Bare ground lacks snow's insulation

by Marion Strebog

Federation of Ontario
Naturalists

As a working person who likes to get to work with the minimum hassle, I have welcomed the light January snowfall in Southern Ontario. But as a naturalist and a gardener, I am worried about the effects of a prolonged cold snap with so little snow cover.

Snow is the perfect insulator. New fallen snow traps air between its crystals. For this reason light new snow is a better insulator than snow which has been penetrated by water and ice. The soil temperature under snow can be an average of 15 degrees C warmer than soil without snow cover.

Many plants, insects and small mammals depend on snow cover to survive stretches of extreme cold. Buds and rootstock of plants are generally protected by a snow "blanket". Some early spring flowers like the hepatica have already produced the foliage for this spring so that they can complete their blooming season in the brief time before the canopy blocks out sun. Without snow cover they will be vulnerable to a cold snap.

In "slow motion" underneath the snow cover the work of invertebrates like the centipede and the sowbug goes on, breaking down cellulose into soil material. In the leaf litter insect egg masses and the pupae of beetles and cocoons of moths depend on the protection of this insulating layer.

Snow cover or lack of it can be crucial in the survival of many mammals. Even a couple of inches of snow can provide cover for meadow mice from the sharp eyes of predators. But if the snow gets too deep it may seriously undermine the ability of larger mammals to survive until spring. For instance, a fox or coyote moves easily about in up to 10 cent-

imeters of snow. But if the snow gets much deeper it has to expend large amounts of energy in bounding through the snow.

White-tailed deer find it difficult to move about in deep snow. For this reason deer often "yard up" in winter seeking the shallow snow under spruces, whose branches hold up to one-third of all snow accumulation.

Just as we put on snow tires and storm doors to prepare for winter, some animals also make special preparations for winter. The ruffed grouse grows combs on the sides of its toes to support it better in the snow. Other animals like the snowshoe hare and the long-tailed weasel change colour to blend with the snow. The absence of snow makes them conspicuous and, therefore, vulnerable.

During the course of the winter as the temperature rises and falls and the wind moulds it into drifts and crusts it, the snow is constantly changing its character. Each snowfall is also different depending on the type of snow crystals which predominate. When the temperature is 0 degrees C or lower, snow crystals form in clouds of water vapour. What shape the crystals ultimately take will depend on the temperature and humidity of the air in which the crystals form. For instance, in cold, dry air small column-shaped crystals form, while in warmer, moister air star-shaped (6 pointed) crystals form. These last are the ones we think of when we talk about snowflakes.

During the next snowfall try examining snow crystals at different times during the fall. Crystals change during the course of a storm. They can best be examined against a dark surface like the arm of a jacket or sweater, and with the aid of a magnifying glass. Other crystal shapes you might encounter are hexagonal plate, and needle crystals. The former are

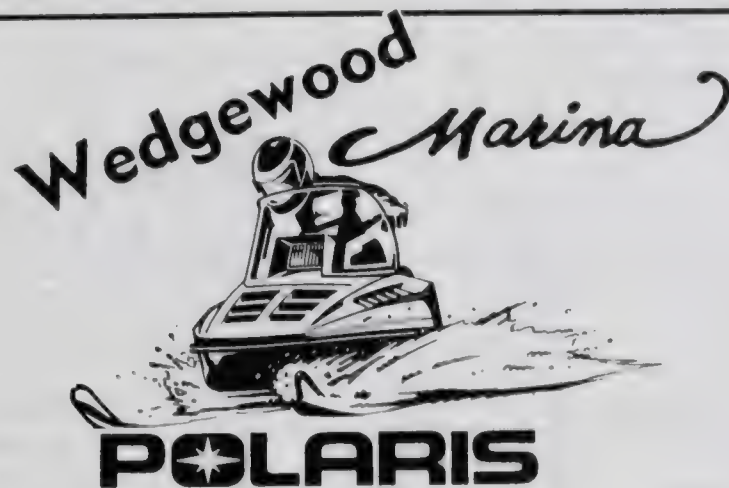

often found in conjunction with the star-shaped and make up a small percentage of any fall. The long slender needles account for much of the accumulation in any storm.

Although motorists will curse me, I can't help hoping we'll soon have a chance to study crystals. As a gardener the low snowfall raises another anxiety in my mind. With

little snow so far to melt into the ground this spring and the prospect of another hot, dry summer, the spectre of severe drought is very real. Let's have a toast to a bang-up winter storm.

There aren't many five-year-olds who can claim to have their own snowmobile. Tara Porter of Minden, however, can now claim to be among that select few. Tara was the winner of the 'Kitty Cat' junior sized snowmobile offered as a prize in a raffle organized by the Haliburton County Snowmobile Association. She shared her first moments on the new machine with grandmother Frieda Coltman, who purchased the ticket for her, and Arctic Cat dealer Bill Parks of Kushog Lake Marine. The snowmobile was donated by the local dealership and the eastern marketing division of Arctic Cat.

Farmers will benefit from two new bills

by John Eakins, MPP

Farmers and agriculturalists in Victoria-Haliburton can look forward to the implementation of two new bills that received royal assent late last year. Bill 78, the Farm Implements Act is a tough new farm machinery legislation which strengthens warranties and requires the provision of emergency repair parts is now law. The Farm Implements Act also provides

for the repair or replacement of a new farm implement which fails to perform during its first 10 days or 100 hours of actual use.

This legislation provides a formal process for the resolution of problems encountered in the sale, service, maintenance, safety and warranty of farm implements. In addition, the new legislation creates the Ontario Farm Implements Board, which will register dealers and distributors of farm implements; mediate

disputes between purchasers and dealers or distributors; and, supervise safety measures relating to farm implements. Standardized sales contracts and minimum warranties will also be required under the new law.

Bill 83, the Farm Practices Protection Act will protect farmers from nuisance lawsuits over noise, odour and dust caused by normal farm practices.

This new legislation is a balanced, compromise law that establishes the freedom

our farmers need to carry on a basic and essential work - food production. This traditional right to carry on proper and accepted farm practices is being challenged increasingly by rural residents who complain about neighboring farm operations.

The "Right to Farm" law will also establish a Farm Practices Protection Board which will hear complaints by individuals regarding odour, noise or dust from

farm practices. If nuisance is shown to result from a normal farming practice, the board will dismiss the complaint. If indeed the board determines that the farming procedure is not proper, it may issue an order requiring a farmer to cease

or modify the practice.

Although this act affords farmers some measure of protection from potential conflicts, the long-term solution is agricultural land use planning policies to avoid new incompatible uses in agricultural areas.

Old Time Sing Song highlights meeting of Minden United Church Women

Dear Readers. We are starting another week with a Tea Party on Thursday afternoon, served by the UCW of Minden. It was a lovely lunch, which we all enjoyed. Following the lunch, we had an Old Time Sing Song led by Grace Coburn and accompanied by Doris Robertson on the piano.

As usual, we had our reading at 4:00 o'clock and in the evening a Kinsman came to call our bingo. Once again, Mrs. Mary Oliver was high winner, congratulations. Friday, we had a discussion on several topics that bring back old memories and sharpen our wits. Since I was in the hospital for a couple of days I have had my son and wife, Terry and Norma and my sister, Mary, and her husband Roy and my niece Jacqueline Yateman to visit me, last Sunday.

Our sympathy goes to the relations and friends of Amelia Good, who passed away at Hyland Crest on January 20, 1989. Her

burial was at south River January 23, 1989. During her stay here she made many quilts by hand. They were always sold quickly.

Mary McKelvey had her brother Earl Kent and her son Max McKelvey and his son to visit her. Rev. Burgess conducted the chapel service on Sunday night as usual and Tuesday Pastor Kent had the morning service in the Chapel. Mable Buttery had her sister, Ruth Kellett, her brother and wife Mr. and Mrs. Wilfred Ackerblade to see her. Mrs. Pearl Lyle had her daughters Jean and Anna, Anna's daughter and her new daughter to see her. This was four generations for Pearl, who is very proud of the new baby "Joey".

The staff is short by one as Mark Schell is at home sick. We hope you will soon be better, Mark.

Few people realize how many volunteers it takes to help make Hyland Crest function. There are volunteers here at the home, on our bus rides,

entertainment programs, money raisers, only to mention a few. We sincerely appreciate their help even though we don't show it as much as we should.

This week we haven't had much entertainment

but hope to get organized next month. There were movies in the auditorium Monday night that were very interesting.

The days are noticeably getting longer so spring can't be so very far away.

PUBLIC NOTICE

The approved 1989 - 90 Annual Work Schedule (A.W.S.) for Timber Management Operations in the Frost Centre Crown Management Unit is available for inspection at the Leslie M. Frost Natural Resources Centre, Dorset, Ontario.

The A.W.S. will be in effect for the 12 month period from April 1, 1989 to March 31, 1990. Any future amendments to the A.W.S. will also be available for inspection.

ONTARIO GOVERNMENT NOTICE

COMPLETION OF HIGHWAY STUDY HIGHWAY 118

The Ministry of Transportation (M.T.O.) has completed a design study which will result in the reconstruction of Highway 118 from Highway 35 easterly 8.4 km under W.P. 62-79-01.

Proposed improvements include corrections to the horizontal and vertical alignment, along with improvements to the existing roadbed and drainage conditions. Hot mix paving will be provided throughout. Side roads, commercial and private entrances will be upgraded to Ministry standards.

This is an M.T.O. Environmental Group B type project Category Ba, Improvements to Existing Provincial Highways. As such, it has followed the process outlined in the Environmental Assessment Class Document, which has been approved by the Ministry of the Environment.

An Environmental Study Report has been prepared and filed with the Environmental Assessment Branch of the Ministry of the Environment and is available for review at the following locations.

Ministry of the Environment:

Environmental Assessment Branch,
7th Floor, 135 St. Clair Avenue West,
Toronto.

Muskoka - Haliburton District Office,
Gravenhurst Plaza,
Gravenhurst.

Ministry of Transportation:

Northern Regional Office,
447 McKeown Avenue,
North Bay.

Huntsville District Office,
207 Main Street,
Huntsville.

Environmental study files are available for public review at the address noted below. The review period for this project will terminate on:
March 10, 1989

at which time M.T.O. may commence construction activities.

For further information, please contact:

Federal grant approved for HCDC

Victoria - Haliburton MP Bill Scott has announced that the Haliburton County Development Corporation will receive an additional \$200,000 to expand Investment Fund activities.

This Business Development Centre, which is funded under the Canadian Jobs Strategy's Community

Futures program, has been in operation since November, 1987.

"The additional \$200,000 will enable the Haliburton County Development Corporation to create more permanent long-term employment by offering additional investment funds to the

private sector," Scott said.

The demand for the services of the Business Development Centre has become quite popular among the community's private sector and has helped improve opportunities in the area.

The Haliburton County Development Corporation,

which provides financial loans and consulting services to local business, to date has helped create 61 jobs.

The Community Futures Program, a part of the Canadian Jobs Strategy, helps communities develop and implement measures to expand employment.

Wee Care receives provincial help

John Eakins, MPP for Victoria - Haliburton, announced \$55,000 to renovate the child care centre and expand the program at the Wee Care Day Care in Haliburton Village.

The announcement was made on behalf of John Sweeney, Minister of Community and Social Services.

The assistance is provided to assist with the improvements to the interior of the building and construct an outside play area for the new centre located at R.R. 2 in Haliburton Village. As part of the renovation project, the centre also introduced care for ten toddler-aged children.

"Wee Care day Care originally began operations as a nursery school in 1986 to provide a socialization opportunity for children and has now grown to meet the child care needs of working parents," said Eakins.

The centre's new location, opened in the fall to offer a total of 48 spaces for pre-school aged children, ten toddlers as well as maintain its existing half-day nursery

school program for area children.

"Wee Care Day Care offers a valuable quality child care service for parents living in the rural areas of Haliburton as well as a positive opportunity for children to meet and interact with each other in a structured play and learning environment," added Eakins.

The funding for the improvements to centres like Wee Care Day Care is one of the priorities contained in the ministry's "New Directions for Child Care". These include the provision of capital funds to support the construction of new non-profit child care centres and grants to assist with renovations and improvements to existing centres. The total expenditure on child care by the Ministry of Community and Social Services will reach \$325 million this year.

Wee Care Day Care is a non-profit organization with board members drawn from parent users of the child care service and community volunteers.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF A proposed By-law of the Corporation of the Township of Lutterworth to stop up and close portions of the sixty-six foot unopened Original Shoreline (Marine) Allowance for Road around the shoreline perimeter of Clear Lake, in front of Part of Lot 17, Concession 6, being Part 3 on Plan of Survey 19R-2134, in the Township of Lutterworth and to convey the afore-said Shoreline Allowance portions to the abutting property owner.

NOTICE IS HEREWITH GIVEN, pursuant to Section 301 (1) (a) of the Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Tuesday, March 28th, 1989 at the hour of 4:15 o'clock in the afternoon a By-law to stop up, close and convey the parcels of land more particularly described as follows: -

SCHEDULE "A"

ALL of those portions of the sixty-six foot unopened Original Shoreline (Marine) Allowance for Road along the shoreline perimeter of Clear Lake, in front of Lot 17, Concession 3, being Part 3 on Plan of Survey 19R-2134, in the Township of Lutterworth, in the County of Haliburton, designated as Parts 1, 2 & 3 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-4287.

A copy of the Plan of Survey 19R-4287 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND FURTHER TAKE NOTICE that before the passing of the said By-law at its Meeting to be held at the time and place afore-mentioned, the Council of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor, or agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 9th day of February, 1989.

ATTENTION

DATE: Saturday, February 18, 1989

TIME: 2:00 until 4:00 p.m.

PLACE: Royal Canadian Legion Hall in Haliburton, Ontario.

There will be a public meeting of interested persons to discuss the present and future uses of the abandoned railway corridor that is located between Kinmount and Haliburton, Ontario.

The Railway Corridor Development Committee of the County of Haliburton will entertain briefs and questions from the floor.

All interested persons and groups are invited to participate.

senior league

by Winnifred Barnum

Hello once again senior league readers. We began the week with Ingoldsby UCW providing a delicious lunch which was served by the Lionesses of Minden.

The February Residents' Council was held following the tea. Many suggestions were put forward for our consideration.

Two Kinsmen came in the evening to call bingo. Violet Thornett was the top winner.

Friday we had fun & fitness in the morning. Mrs. Coleman came for Bible study from Luke 6:1-30. She explained the difference of the meaning of the words at that time and now so we get a clearer meaning of what is written.

Mr. Olga Elias came to play the piano and lead a sing song that was enjoyed by everyone.

We have started a new project to help welcome new residents. We give her or him a written invitation to have tea with the welcoming committee and residents' council executive the day after their arrival. We hope this will make them feel more at home.

May Hurlsey and Ina McGuire had two of May's daughter for a visit Saturday. Saturday Mrs. Stutt had her daughter Ruth and her niece Denise to lunch here at Hyland Crest.

Pearl Lyle has been on the sick list. We all hope she will be better soon. Ruby Lewis had her sister-in-law Ruth Bain to see her Saturday.

Gordon Ruttle had a fall, so is in the Lindsay Hospital. We wish him a speedy recovery.

Mrs. Leslie Prentice and her daughter Eleanor had lunch with Maron Rose and Lola Prentice. They were visiting other friends in Hyland Crest as well.

Pearl Lyle had a visit with her two daughters, Jean Hewitt and Anna

Gordon, Sunday afternoon.

I had my sister and her husband May and Roy Cameron from Peterborough Sunday and they took me out to dinner.

Monday Mable Buttery had her brother Walter Ackerblade and his wife Elizabeth for a visit. It's sometime since she had seen Elizabeth.

The movies Monday night were Safari to Tsavo and the Blue Heartland. Both were interesting.

The C.G.I.T. girls from Carnarvon came after the movies. They were around the Home talking to most of the residents and sang their group song before they left.

Tuesday morning Rev. Dawn Gilbey had the Chapel service and communion. That afternoon we had a quiz containing the word "heart".

Terry Lynn and Everett Fearry entertained us in the evening with songs and guitar music, which was much appreciated.

We are glad to see Grace Coburn starting to get around again. Have a happy February Folks.

A seminar will be held in the auditorium at Hyland Crest on February 14th, 1:00 p.m. noted speaker, physician and advocate on rights for the elderly, Dr. Dorothy Ley of Beaverton will speak on integration of seniors into the service network, as well as touching on such items as institutional care, elderly visitation and dealing with the increased loss of independence as our society ages. A seminar being presented by Rev. Dawn Gilbey of Kinmount, which is taking place at Extencicare (Haliburton) on February 22, 28, March 8 & 15th. The topic is How to be a Friendly Visitor. For more information call Hyland Crest or Barbara Fryer at Extencicare.

You can help build the future through non-profit housing.

The governments of Canada and Ontario are building for tomorrow. We have plans to create a wide range of new non-profit housing, and we need your group to get involved and develop non-profit housing in your community.

This program will be subsidized by the Government of Canada through Canada Mortgage and Housing Corporation and the Province of Ontario through the Ministry of Housing.

Funding is available to non-profit and co-operative organizations, churches, service clubs and other community

groups interested in sponsoring affordable housing.

In some neighborhoods, citizens have received government grants to set up their own community-based groups. The result is affordable housing for moderate and low-income families, senior citizens and single adults.

For more information, your community groups should contact the nearest regional office of the Ministry of Housing listed below. The deadline for preliminary applications is April 28, 1989. Help build for the future. Get involved in non-profit housing today.

Non-profit housing-everyone benefits.

Archie Stouffer Home & School Association

is proud to recognize

FEBRUARY 13th - 17th

as

Teachers Appreciation Week

We encourage all parents and students to participate with us by thanking our teachers for the knowledge and encouragement they give to our Future Generation.

Restoration is planned

The Minden County Town Museum Seniors Committee was formed at a public meeting on July 18 at the cultural centre with the purpose of approaching Marlis Linday of New Horizons for help in funding the completion and furnishing of the Bowron Homestead.

New Horizons, realizing the increase in retirees in the county, is willing to support this project since it benefits seniors and the community. The actual physical restoration of the building will require the work of many hands and we hope that volunteers will continue to support us in the tasks ahead.

Our total grant of \$30,232 is broken down into five areas: office supplies, \$150; furniture and equipment, \$11,232; capital costs, \$15,000 plus a \$2,672 group contribution; program costs (pay for guest speakers), \$3,550, and printing costs, \$300.

The museum building committee will meet regularly to plan restorations in keeping with the original structure of the building. This will include chinking, mortar and whitewash for the interior, replacing one floor beam and milling new floor boards, partitions for one main floor bedroom, repairing the stairwell, erecting a summer kitchen

and creating bedrooms upstairs as well as refinishing the upstairs floors.

The museum artifact committee will be looking for furnishings suited to the 1860's era.

Plans also include the erection of an informative welcome sign and five-framed display podiums as well as entrance steps and porch. Fieldstone will cover

the cinder block base under both the museum buildings and help unify their appearance.

Our eventual goal will be to create a village green for community events and add four more heritage buildings: a church, school house, barn and store/administration centre.

Please contact Jean Lacey if you would like to participate in some aspect of the Bowron Homestead reconstruction and furnishing.

Check home energy consumption

by Doreen Hawman

If you are considering purchasing a major appliance or a new lighting product for your home, a new booklet published by the Ministry of Energy called "Consumers' Guide To Buying Energy-Efficient Appliances and Lighting", could be a great help

to you. Did you know that appliances and lighting can consume up to 25 percent of the total energy used in a home? By avoiding models and products that waste energy, and by choosing efficient alternatives, you can save yourself thousands of dollars in energy costs. Included in the booklet, is a list of the

top 10 per cent energy-efficient 'Canadian-made' brand name appliances, accompanied by a quick reference table for comparing energy costs between two products.

If you would like a copy of the guide or any other information available from the Ministry of Energy, contact your nearest Information Centre. In Haliburton the centre is located in the Drag River Municipal Building on Maple Ave. and is open Monday to Friday 10 a.m. to 4 p.m. or call 457-2733. For the convenience of residents of the Minden area, the centre located in the Municipal

Building, Milne St., is open every Tuesday from 10 a.m. to 4 p.m. or call 286-4100.

The Haliburton County Information Centre Annual Volunteer Tax Clinic will be held February 2, 1989 at 1 p.m. in the hall of St. Anthony's Roman Catholic Church, Haliburton. Please call for further information.

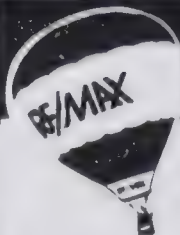

MNR youth program

The Ontario Junior Ranger Program is an ideal summer experience for youth interested in outdoor work in resource management. This annual initiative provides 17-year-olds an opportunity, along with Ministry staff, to administer, protect and conserve public lands, waters and associated resources.

Interested students are encouraged to apply as soon as possible since each student is selected on a first-come first-served basis. This year's deadline date is March 31, 1989.

Brochures describing the program and application forms are available at local high school guidance offices, or by contacting the Ministry of Natural Resources, Human Resources Branch,

Junior Ranger Program, Whitney Block, Queen's Park, Toronto, Ontario, M7A 1W3.

CARD OF THANKS

Thank you: The Rotary Club of Minden thanks Paul Prentice, Lionel Walker and Murray Beetlestone in marking the Snowarama trail last week. Also thanks to Trevor and Kirsti Pawson for allowing the trail to cross their property.

The family of the late Ambrose B. Watson would like to extend our sincere thanks and appreciation to our many friends and relatives who offered condolences during the recent passing of my husband and our father. Special thanks to all who sent flowers, offered masses, and memorial donations in Ambrose's memory. Also many thanks to Dr. Debbie Lettner, Dr. Callows, Oshawa Ambulance Service, the Oshawa Paramedics, Oshawa General Hospital emergency staff and the Durham Regional Police. Special thanks to Gordon Monk for his help and consideration to help ease the pain of our loss. Also thanks to Rev. Fr. Reginald Brooks and Deacon Bob Ferguson for their comforting words and prayers. Thanks also to the Royal Canadian Legion Branch 441 Ladies Auxiliary and the Kinmount St. Patrick's W.L. for the lovely lunch served. Everyone's kindness and consideration will always be gratefully remembered.

Clara Watson and family

We wish to express our thanks to Dr. Dawson, all the nurses and staff at our Minden Hospital, the Ladies Auxiliary, Arcadia Lodge and all our caring friends who expressed so much warmth and sympathy to Lucy on her accident. Our humble thanks to a warm and caring community.

Ken & Lucy Hone

AT REST

WATSON

Ambrose Bartholomew
- a resident of Oshawa for one and a half years. Before moving to Oshawa, Mr. Watson spent all his life in Kinmount, Ontario. Ambrose Watson died on Friday, January 27, 1989 in Oshawa General Hospital. He was born May 5, 1901 in Snowdon Township in Haliburton County. He was the son of the late Samuel Watson and Margaret Keaton. Mr. Watson had been an employee of the Canadian National Railway for 26 years when he retired on May 31, 1966. Mr. Watson is survived by his wife, the former Clara Kellett; children Murray and his wife Margaret of Toronto, Leo and his wife Autumn of Minden, Beulah (Mrs. Arden Dracup) of Peterborough, Cyril and his wife Martha of Toronto, Vernon of Toronto, Philip and his wife Karen of Oshawa, Jean (Mrs. Allan Scarlett) of Oshawa, Boyd and his wife Pat of Bowmanville, Charlene (Mrs. Bruce Hall) of Oshawa; loving grandfather of 24 grandchildren and 21 great-grandchildren and predeceased by one grandson, Bryan; dear brother of Francis (Mrs. Jack Kerr) of Toronto and predeceased by Herbert, John, Bernard and Margaret Definney and Clara Caron. Mr. Watson was at the Gordon A. Monk Funeral Chapel in Minden. Rev. Fr. Reginald Brooks conducted the mass of Christian Burial at St. Patrick's Church, Kinmount, Ontario on January 30, 1989. Spring interment will follow in St. Patrick's Cemetery, Kinmount, Ontario. Memorial donations to St. Patrick's Church building fund or another charity of your choice would be gratefully appreciated.

AT REST

DAVIDSON George William

- (retired employee of T. Eaton Co.), at Minden Hospital on Monday, February 6, 1989 in his 80th year, beloved husband of Lillian Davidson, dear father of Paul of Thornbury, Bob of Ottawa and Peter of Toronto, dear father-in-law of Shirley and Barbara, loving grandfather of Michael and Tracy, dear brother of Doug and Margaret, predeceased by Dan and Jim. Rested at the Gordon A. Monk Funeral Home, Minden. Funeral Service was held in the chapel on Thursday, February 9th at 11:00 a.m. Cremation. Legion service was held in the chapel on Wednesday, February 8th at 8:00 p.m.

FINDLAY John (Jack)

- at his residence on Highway 35, (formerly Havelock Gift Shop) Lutterworth Township on Wednesday, February 1, 1989 in his 75th year, beloved husband of Mary, dear father of Carol (Toodje) Baston of Stouffville, loving grandfather of Lindsey, Darron, Andrea and Susan. Memorial Service was held at St. Paul's Anglican Church, Minden on Saturday, February 4th at 2:00 p.m. Cremation. In lieu of flowers Memorial Donations to the charity of your choice would be appreciated.

IN MEMORIAM

HOWE: Vera. In loving memory of our dear mother who passed away February 15, 1988.

Though your smile is gone forever
And your hand we cannot touch
Still we have so many memories
Of the one we loved so much.
Your memory is our keepsake
With which we'll never part.
God has you in His keeping
We have you in our hearts.

Always remembered and loved
by son Joe and daughters Val,
Mary and Shirley.

IN MEMORIAM

HOWE: Vera. In loving memory of my dear wife, Vera, who left me February 15th, 1988.

Each morning when I wake
I know that you are gone
No one knows the heartache
As I try to carry on.
My heart still aches in sadness
And secret tears still flow
What it meant to lose you
No one will ever know
My thoughts are always with you
Your place no one can fill
In life I loved you dearly
In death I love you still
They say that time heals everything
But I know it isn't so
Because it hurts as much today
As it did one year ago.
Our family chain is broken now
But as God calls us one by one
The chain will link again.

Missed and loved always,
your husband, Henry.

HOWE: Vera. In loving memory of our dear grandmother, great grandmother and great great grandmother who passed away February 15th, 1988.

It seems so strange that those we need
And those we love the best
Are just the ones God calls away
And takes them home to rest.
But every time we think of you
We seem to hear God say
Have faith and trust, my promise
You'll meet again some day.

Loved and missed by grandchildren, great grandchildren and great great grandchildren.

Early fire warning can save lives

Install and maintain one or more smoke alarms in your home to provide you with early warning of fire conditions.
